Whipped Topping Mix

Product Description

A dry mix containing dehydrated cream and cream extracts. It is prepared by whipping with ice water. The finished product is a light textured topping that is freeze-thaw stable, pipes well, will not weep, and tastes like whipped cream. It contains no gluten or partially hydrogenated fats. Made in the USA.

Product Usage

RC Whip Topping Mix can be used just like whipped cream. It may be piped or spooned onto a plate or used to top ice cream or fruit. Use RC Whip Topping to frost or decorate a cake or pie. Prepared RC Whip Topping may be frozen for later use.

To prepare, 1 package is whipped at high speed with 1 quart ice water. For best yield, water used must be less than 38°F. The mixing bowl and whip should also be chilled beforehand. Ice cold milk may be substituted for all or part of the water.

Packaging Sizes and Product Yield

Packaged in BPA/Phthalate-free poly packages. Each package has a lot code and "Best If Used By" date.
Product Number: 74433
Pack Size: 8/16 oz. bags
Yields: over 5 quarts/bag

Storage Conditions and Shelf Life

Storage: Store bags in a cool, dry place. Prepared product must be kept refrigerated or frozen.
Shelf Life: 12 months. Prepared Product: 4-7 days, refrigerated.

Ingredient Statement

Sugar, maltodextrin, hydrogenated palm kernel oil, cream powder (cream, nonfat milk, sunflower lecithin), propylene glycol esters of fats and fatty acids, sodium caseinate (milk), food starch - modified, acetylated monoglycerides, dipotassium phosphate, microcrystalline cellulose, hydroxypropyl methyl cellulose, mono and diglycerides, salt, natural cream flavor, vanillin, and annatto extract (color).
Allergens : Milk.
Contains a bioengineered ingredient.
